

INTRODUCING Strong Tower Christian School Scholarship Fund

Strong Tower Christian School seeks to provide high quality Christian Kinder Garden and Elementary education to the residents of Pueblo Nuevo and Ferreñafe, near Chiclayo. This serves as an evangelistic tool to reach the lost for Christ and bring them into fellowship in the new local assembly. 60 % percent of last years students would not have been able to sit under that sound of God's Word had it not been for the scholarship program made available to them.

However:

Not wishing to contribute to a "welfare" mindset, rather desiring to instill in the families a Biblical work ethic, the scholarships are not given away, but rather they are allowed to perform manual labor according to their abilities on the school property as well as on the adjacent Morningstar Children's Home property in order to obtain the credit needed to pay of their child's tuition, hence the sponsor is simultaneously contributing to the development of the facilities.

How many students will be able to attend on a scholarship program in the upcoming 2009 school year will depend on how many sponsors there are. The monthly cost of sponsoring a student at STCS is only \$25.00 a month for the 10 months of the school year (March through December). Registrations are currently open for the 2009 school year and parents inquiring about the availability of the work program are instructed that they will be matched to a sponsor as the sponsors become available. If you wish to sponsor one or more students:

1) Fill in the following sentence appropriately and clip and paste in into a "Reply" to this email.

"I would like to sponsor ____ student(s) at a monthly cost of \$25 for the 2009 school year."

2) Beginning in February of 2009, sometime during the first two weeks of the month, send your check with the following note attached:
