

Morning Star Child Reach Ministries News Bulletin

March 4th, 2011

PROJECT ACOMPLISHED!!

This year another two classrooms were needed for Strong Tower Christian School to continue to move forward in its outreach potential. Over 25 volunteers got involved and dozens gave to the Lord's work. Most importantly hundreds of you prayed and those prayers were answered! The classrooms are finished AND FURNISHED!!! All the teachers also got new desks and the new rooms also have custom made shelves, one side for books and the other has "cubbies", one for each child to store their lunch box etc. We have to especially thank our teams who worked through the summer heat, defied the mosquitoes and overcame the obstacles of precision work in a developing country. Above all we thank the Lord for His provision and protection.

Classes begin March 7th, all the necessary teachers have been hired and are currently putting the finishing touches on the curriculum and setting up their classrooms. Two new computers facilitate the teacher's preparations as Mark DeJager is organizing the best academic year Strong Tower has seen yet. He and his wife Kim are refurbishing the older classrooms and very few spots remain available for new students as we limit the students to 20 per classroom. Audrey DeJager is preparing the English classroom and Carol is hard at work on work sheets for the new 3rd grade curriculum. Sharing God's love and truth is Strong Tower's first priority and this new academic year will provide many opportunities to reach not only the students themselves but also their families as their parents are required to attend parent meetings once a month and will also be receiving visits to their homes by couples from the assembly that meets onsite as well. Your prayers are vital to the continuation of this ministry and we thank you for them in advance.
