

Rising Star

Morning Star Child Reach Ministries News Bulletin

April 10th, 2009

“Hellos” & “Goodbye’s” This week is a busy one. The short term team from Melbourne, Florida, arrived last Friday. This week we’ve had a short term team with us from

Florida. They have been sharing puppet skits, handcrafts and a lot of love with both the children in Strong Tower Christian School and those residing at Morning Star. Sunday afternoon we had an excellent turn out for their performance during what is regularly

our Sunday School time as we had invited the Strong Tower families. There are 80 students this year so that gives us access to over 60 families in the community. Their afternoons have been devoted to the finishing touches on the new home at Star, while residing in it, they are painting the bedrooms and doors, as well as some landscaping. They will be heading back home Friday evening and

their visit has been a great help and a blessing to all.

Just yesterday we took in a sibling group of 3 at Morning Star.

Cynthia (10), Segundo (7) & Nayely (4), already available for adoption, had been housed in another small facility near Chiclayo, but due to its closing had been separated from each

other into other facilities around the area. Since the new home is ready, it provided us with the option taking them in allowing them to be reunited with each other, and Lord willing they will be able to be adopted sometime in the future.

Little Sammy was checked by our own pediatrician this week and we were greatly encouraged the he believes will be able outgrow most of his problems. I also met with the judge in charge of his case as well as Sarah's, and she is moving ahead to declare both of them available for adoption.

Please pray the Lord will guide in both their cases.

Thank you so much for your continued prayers!
