Summer Mission Teams

One of the motivating factors of any work for Christ has to be the “light upon the hill”, building a testimony and a presence in the community. This can happen in a variety of ways one of which for us is the arrival of various teams of volunteers. This year there are three such teams scheduled and two of them visited during the month of June. The first was a team of 21

students and 3 teachers from Mount Paran Christian School in Kennesaw, Georgia. The second was a team of 13 from Colbert First Baptist Church from Colbert, Georgia. Having these teams present allows us access to the public elementary schools in the area where they rotate the classrooms simultaneously through 3 staging areas, crafts, games and

lesson time each taking about 30 minutes. The teams were scheduled back to back and after almost 3 weeks of outreach, close to 2000 students were reach with the Gospel and also invited to join us at Sunday School in the future. There is one more team scheduled to arrive July 12th and we thank the Lord for the open doors and opportunities to share God’s love with the students. Another one of the benefits “splashes over” onto the team members as they are exposed to the ministry and grow in their commitment and involvement in worldwide evangelism.

Thank you for your interest and support of the ministry here.
