

Rising Star

News of some of the Lord's work in Northern Peru

We are right in the middle of our third outreach team, this one from Grace Community Church in Newton, Kansas. This time we are using the same method as the last two with the variant being we are visiting families in the farm lands around the outskirts of Pueblo Nuevo. Simple homes, warm and friendly people and very austere living conditions. We are looking forward to another good turnout on Friday here at the compound where we will again share the gospel with them.

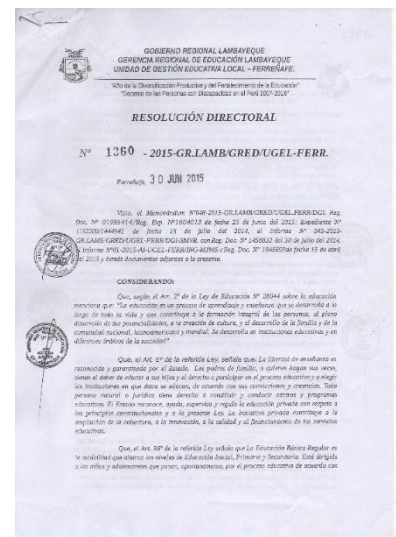

The second team, from Colbert, GA, did an awesome job with the work projects during their week and over 120 women from the community attended the invitation the last day of their stay. We expect the same amount this Friday.

Strong Tower Christian School is excited about the future development possibilities! The Board of Education, after many months of paperwork, has granted the certification needed to expand on into the high school grades. The formal paperwork was received last week and of course is very official looking, and parents are excited to hear their children who finish elementary school in December will be able to continue on here at Strong Tower. Many of the families whose students finished elementary last year and had to change schools are longing to bring their children back and so the plan will be to open 7th & 8th grades together. The Lord has generously provided the funds needed to prepare the two new classrooms that will house these two new grades.

We continue the frivolous legal struggles brought on recently by the disgruntled grandmother of two of the children who used to be at Morningstar. They have since been moved to a facility in Lima and will soon be adopted, however she seems bounded and determined to direct her frustration at Morningstar and create all the havoc she can in the process. It is consuming time and resources that could be much better utilized for more profitable things and we value your prayers for a prompt resolution to this matter.

We thank our gracious Savior and Lord for all He is doing. May His name be magnified without ceasing.
