A Faithful Servant

A couple of years after Morningstar opened its doors, a single young lady from one of the assemblies south of Lima asked if she could come for a two week visit.....she never returned home! She was so devoted to helping with the children in the home that she chose to stay on permanently. Her name was Gloria and she married one of our full time employees a couple of years later. The happily served the Lord together and were surprised when a little over a year ago she was diagnosed with liver cancer. A shining example of faith and perseverance till the very end, she was called into the presence of the Lord on July 22nd. She'll be greatly missed by all and your prayers for her husband Carlos are greatly appreciated.

In some cases we will never know nor understand the backstory regarding some of the children the Lord brings our way and Deborah is a case in point. Reportedly found at a construction site, she was left on a pile of rubble no more than a day after she was born. We are thankful to be able to answer the call and to be able to provide a nourishing and loving environment until such a time as they find a permanent family. Each case has it's own twists and turns and several of the children currently in our care will soon be leaving us, some to an adoptive family and others returning to their biological family. Regardless of their destination our prayer is always that time they have spent will mark in their hearts forever and impression of God's love for them and the seed of His Word.

STRONG TOWER CHRISTIAN SCHOOL reinitiated classes yesterday for the second half of the school year and as we enter the final stretch of 2014 it means decisions will soon have to be made regarding the structure and execution of the 2015 school year. We ask that you help us pray for wisdom and guidance regarding these decisions.
