## Morningstar Childreach Ministries News Bulletin

October 18th, 2013

### Latest Arrival

Despite our recent reluctance to accept new cases due to staffing and financial support issues, the Lord moved us to make an exception in this case. Guadalupe was born small and sickly, and was only 3 weeks old. She had originally been assigned to the orphanage run by catholic nuns in our town but they had returned her to the court after only having her for a week saying they could not care for her. We took her in and got our pediatricians to intervene quickly and now a month later is happy, healthy and putting on weight like a real champ!

### **STRONG TOWER CONSTRUCTION IS A GO!!!!**

The Lord has graciously shown us a way to move ahead with the construction of the second floor of our newest building, a move which will provide the additional classroom space much needed when we add 6<sup>th</sup> grade this coming year as well as administrative space. Work will begin by our local contractor in mid-December when school ends for this year. By the first week of January and on through February we will have plenty of work for

anyone who wishes to join in! Carpentry, plumbing, electrical, tile setting, sanding, painting general cleaning and also refurbishing of existing classrooms will all be needed. Now is your chance to participate, whether by volunteering in person, contributing to the building fund or praying for the project and those working during the hot summer months. Please check out our "How To Help" tab on our website.

Thank you for your interest and support of the ministry here.
