

## "Morning Star" Children's Home News Bulletin

May 12<sup>th</sup>, 2008

"And what is the exceeding greatness of his power to us-ward who believe, according to the working of his mighty power", Ephesians 1:19

This month we've had the privilege of witnessing first hand His power in so many circumstances as He continues to work in every detail of the ministry here. The construction continues on the housing duplex for Morning Star. The floor was poured last week and the roof of the bottom story will be poured next week. We rarely take much interest in the global economy but the weakening US currency and the local inflation have made their presence known and it is comforting to know the One who controls all of those details.

**Carol's Emergency Appendectomy** gave us a chance to see the Lord's power in action as He guided in the smallest of details and has provided a quick and uncomplicated recovery due to your prayers, avoiding what the surgeon had thought would be and unavoidable peritoneal infection due to the rupturing of the

appendix. The arrival of two new volunteers, Bethany & Katie, on the very weekend she was hospitalized could not have been more efficient, as they step right in to fill in the gaps in the teaching schedule. Our other volunteer Sarah, leaves us at the end of this week after 3 months of invaluable assistance in both Morning Star and Strong Tower.

**Mother's Day Program Saturday** was the for the Sunday school and Strong Tower moms. Over 100 people were in attendance and it was a real joy to be able to share the Gospel with them. Please continue to pray for these seeds sown in their hearts.
